

Anti-Transpirant / Stress Protection Adjuvant

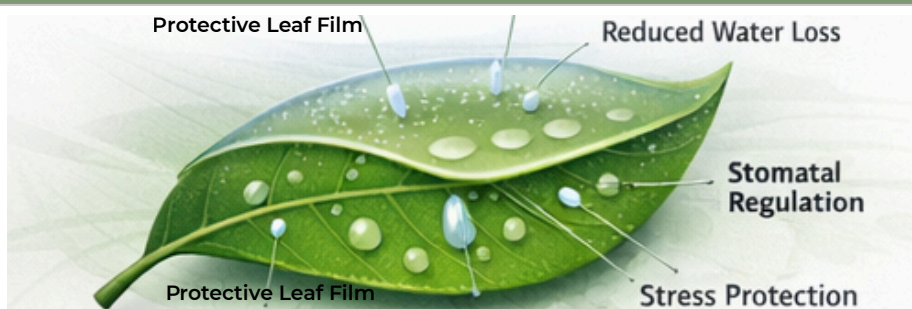

Product Specification	: Anti-Transpirant
Function	: Stress Protection Adjuvant
Botanical Source	: Vegetable Fatty Acid Compound
Mode of Use	: Foliar application for plant stress protection

PRODUCT DESCRIPTION

Orgocare™ is a plant-based adjuvant formulated with vegetable fatty acid compounds designed to reduce excessive transpiration and protect plants from environmental stress conditions. When applied to crop foliage, Orgocare™ forms a thin protective film on leaf surfaces that helps regulate water loss, stomatal function, and improve plant resilience under drought, heat, or transplant stress.

MECHANISM OF ACTION

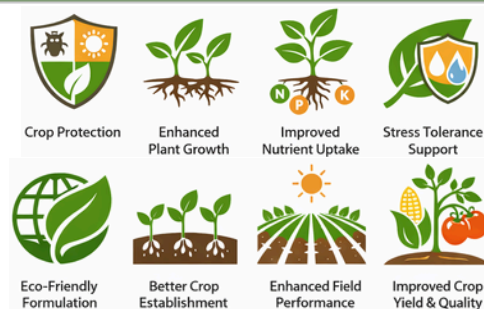

APPLICATION & DOSAGE

Foliar Spray	1 liter per acre
Stress Protection Spray	5 mL per litre
Repeat Application	Every 10 - 15 days

TARGET CROPS: Designed for all crops to provide tolerance to stress, stronger plants, higher productivity, better quality produce, and sustainable agricultural practices.

KEY BENEFITS

TECHNICAL SPECIFICATIONS

Parameter	Specification
Product Description	Stress Protection Adjuvant
Formulation Type	Soluble Liquid (SL)
Appearance	Milky White Colour
Solubility	Completely soluble in water
pH	6.5
Shelf Life	24 months under recommended storage

STORAGE & HANDLING

	Store in a cool, dry place
	Keep container sealed after use
	Protect from direct Sunlight and Moisture
	Avoid contact with Chemicals

SAFETY INFORMATION

Wear gloves and mask during application

Wash hands after use

Avoid inhaling dust during handling

Keep out of reach of children
